Synopsis

Learn the insider secrets professional cartoonists use to turn regular cartoon animals into completely cute charactersÃ Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Warm and fuzzy characters all have that Ã¢â ¬Å“certain somethingÃ¢â ¬Â• that makes them so memorable and darling. But what exactly is it? This sought-after, ultra-cute quality is based on specific techniques that, when applied to character design, result in irresistible cartoon animals. With Cartoon Cute Animals, these are techniques that you can learn, too!Perfect for anyone interested in cartooning, from the aspiring animator looking for how-to instruction to the expert illustrator seeking inspiration, Cartoon Cute Animals covers the broadest possible spectrum of popular species as well as an array of more exotic animals such as the ferret, armadillo, meerkat, and porcupine.Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Ã Â Years of experience and expert knowledge have been distilled into one easy-to-follow guide that is full of simple instructions and visual examples to help you create the most adorable cuties ever put to paper!

Customer Reviews

CHRISTOPHER HART is the world’s bestselling author of drawing and cartooning books. His books have sold more than 7.4 million copies and have been translated into 20 languages. Renowned for up-to-the-minute content and easy-to-follow steps, all of Hart’s books have become staples for a new generation of aspiring artists and professionals, and they have been selected by the American Library Association for special notice.

Sooo helpful when learning how to draw! I love how he includes easy to understand steps and helpful hints as you are working through the book. It has also come in handy as a reference book as I try and develop my own characters and my own style of drawing. A great book for anyone just learning to draw or just getting back into it like me.

Great book for beginning/advanced artists. I purchased this book when I first stared getting in to cartooning/animation and it helped me refine my techniques and style. The lessons in the book are easy to follow with explanations and diagrams. Definitely a must buy for anyone getting in to cartooning/animation.

I do not draw. But I'd like to. So I bought this book and have followed the tips and guidelines to create several cute animal drawings that I can be proud of. It will still take a lot of practice to become proficient in these techniques without staring at the book the whole time, but I can say that the hints and tips were super helpful. I highly recommend.

I am so in love with the style of the cute little animals in this book. If I were pressed to pick a con it is this: the stylized way that the characters in this book are designed makes them feel strictly two dimensional in terms of construction. For the younger artists it gets them to practice thier 2D shapes, but for adults like myself it feels a bit awkward to traditional construction of, say, the Looney Tunes.

See different styles for the same animals...see different animals with the same styles. Learn all you want to know about quick and fun cartoon characters for beginners! Loved the step-by-step views, and the profile views. Definitely a keeper!

I bought this for our niece, who loves to draw and she loves this little book! I can't draw worth a lick, but in looking at the book the illustrations seem easy to follow, and she has made numerous little kitties for me from this book.She loves the pages with different expressions, and recently completed a little kitty with her tongue sticking out.She's 8, and very into her art. I think this book is right on the level for her. It was a bit pricey, as I've seen other books like this for half the price, but seeing as she uses it quite often in the almost two months she's had it, I think it was worth the price.

Awesome book, very useful for adults and children alike wishing to learn how to cartoon.

love drawing from this book.,
