Synopsis

THE LOWCOUNTRY: FROM CHARLESTON TO SAVANNAH travels through the history, culture, and geography of the 100-mile stretch of coast between South Carolina and Georgia. With two of the country's most historically rich cities flanking this region, the history documenting this area illustrated with vibrant color photography, runs from enchanting to eccentric, and easily builds the case for a modern-day tourist destination that attracts more than 30 million visitors a year. Award-winning photographer Bob Krist and travel writer Cecily McMillan explore everything from architecture and city planning to the coastal scenery and world-renowned golf courses of the region, including the famed Parris and Hilton Head islands. LOW COUNTRY is a stunning modern-day illustrated narrative of one of the country's most historically flamboyant regions.

Cecily McMillan is a veteran author and 25-year resident of the Carolinas. Her articles about the South have been published worldwide. She lives on St. Helena Island, SC, and in Cambridge, MA.

I was worried that the paper-back version offered here would be a small book that didn't show the color photos in full detail. The description didn't say, either way, but I took a chance, and the book is great. The condition was exactly as described, and this is a fabulous addition to my personal library.Written by Mrs. Neighbor John

Lovely photos that give a good indication of the atmosphere of the low country

The book I ordered and received is exactly like the one I had reviewed elsewhere. Delivered on time and in the described, good condition that I had anticipated.

if anyone ever considers visiting this area, this book is a great wayt to remember it. much better photos than you will be able to take and very nice writing.when in Charleston eat at Hymans, Saltus River grill in Beaufort, and El Pasticcio in Savannah.

Pretty pictures that reinforce the superficial and white cultural history of the South. Not very educational or enlightened.
