Synopsis

Explore a marvelous world of glamoury: the Celtic Otherworld of shadow and Sidhe, a realm where everything that ever was, is, or will be, exists right now.Ã Â The Celts had a life-affirming, mystical way of viewing and living life, in tune with the forces of Nature and magic. Drawing upon Irish Celtic spiritual tradition, history, literature, and myth, this tried and true guidebook (formerly titled Glamoury,) offers a holistic system that will help you reconnect with this enchanting realm-the Green World of the Celts. Magic of the Celtic Otherworld presents techniques for becoming attuned to the life forces of the Green World through seasonal rituals, visualizations, and practical magical workings. Learn how to find your way around the Otherworld, and gain an understanding of how each of us constantly shapes and affects the land on which we live. Most importantly, discover how to make contact with inhabitants of the Otherworld in order to deepen your spiritual practice and enrich your everyday life.

Customer Reviews

Steve Blamires was born in Ayr, Scotland, and is one of the foremost Celtic scholars in the world. He is a co-founder of The Company of Avalon, a working magical group offering an in-depth training in the Western Mystery Tradition. He leads spiritual tours to many of the sacred sites of Northern Europe. He has written numerous articles for publications in both the U.K. and U.S. He is the author of the book Celtic Tree Mysteries: Practical Druid Magic & Divination.

It has a lot of good history from what I've cross-referenced so far. We'll see how accurate it is once I have some more experience under my belt.The reason I'm giving it three stars is because of the preachy tone in one particular section of the book. The author suggests that individuals stop taking medication while performing certain exercises. This is something I heavily disagree with. Certain medications *may* interact, but advising people stop taking their medication without consulting their doctors is no good for me.

Great Brilliant work thank you!!! Enjoyable read :) Took me on quite a journey

Fascinating read...good way to catch up on, or point you in the direction for more research on, all that's mystical and mythical wise re the Irish...if you're up for the visualizations and 'traveling' to other places then that adds to the experience...

I gave this book 5 stars because the book tells about how and where the Celtics came from.I would recommend this book to my pagan friends.

I love this book. It's very enchanting and definitely keeps me coming back. I like how straightforward the author is. I appreciate the no nonsense approach of it.

this is a great book for historical reference alone. I will not attempt to confirm or deny its accuracy, but it did pique enough interest to lead to further research. the author did an excellent job keeping the readers interest

Taught me so much to pagan way. A must have for and druid collection.

A great addition to my library lots of great info
