Synopsis

Generally good content on fun things do with children in the Seattle area. Few overall maps make it less practical for "in-car" use and for non-Seattle natives who aren't terribly familiar with the regions. Organized by type of activity, so it doesn't answer the question of "what's interesting to do around here or nearby?"

Useful book. Wish it had more colorful pictures. It is really for,parents to browse and use and not for kids to read and find places to visit.

If you’re moving here with kids, take the time to skim this book all the way through to get an idea of what sort of things you can find here. Then when you want a particular activity, you can look it up again.
