## Synopsis

This new edition presents The Grand Inquisitor together with the preceding chapter, Rebellion, and the extended reply offered by Dostoevsky in the following sections, entitled The Russian Monk. By showing how Dostoevsky frames the Grand Inquisitor story in the wider context of the novel, this edition captures the subtlety and power of Dostoevsky's critique of modernity as well as his alternative vision of human fulfillment.

## Customer Reviews

This collection gives us a sense of the depth of Dostoevsky's insights into human life and suffering and of his profound understanding of the tensions and dangers of modernity. Guignon's Introduction is a brilliant study that shows how profoundly the 'legend of the Grand Inquisitor' speaks to our day. --Charles Taylor, McGill UniversityGuignon's Introduction is by far the best available to these texts, and is, for its clarity and depth, one of the finest Introductions to complex literary or philosophical material that I've ever read. --Stephen L. Collins, Babson CollegeThis text worked beautifully in my Intro to the Western Humanities course. I especially appreciated Guignon's insightful Introduction, the selection of chapters, the clear layout. --Dan Spencer, University of Montana

Text: English (translation) Original Language: Russian --This text refers to an alternate Paperback edition.

Philosophy of ReligionTo reread Fyodor Dostoevsky’s story "The Grand Inquisitor and related chapters from The Brothers Karamazov" more than justifies buying this book. Charles B. Guignon’s Introduction prepares the reader to an intellectual symposium comparable only to the one described by Plato in his friend Agathon’s house over 2400 years ago. Constance Garnett’s 1912 translation of The Brothers Karamazov "has become a classic in its own right:" the minor alterations Guignon made to the text bring it up-to-date. Gonzalo T. Palacios, Ph.D. author The Virgin Mary’s Revolution (.com).

Just what I needed for class

I needed this book for a critical thinking class on the topic of original sin. We read this and discussed the theories of free will, freedom, and freedom of choice. It was engaging mentally and spiritually and I enjoyed the messages that Dostoevsky was able to convey through different characters in the book.

Great purchase. This book contains excerpts from a series of books from Dostoyevsky. These excerpts focused on the conflicts between social morality, freedom, suffering, and religion’s position in the world. Definitely worth reading.

perfect!

This is a very complex read about morality, society, religion and self awareness. Some of it was difficult to read because of the violence and abuse but still it makes for a great conversation topic with others. Truly an amazing read.

I enjoyed reading this book for one of the classes I had to take. The stories were interesting and appreciate the content as well as the instruction that went along with this book.

Vintage Dostoyevsky! Who wouldn’t agree that The Grand Inquisitor deserves the reputation of ’best’ when it comes to all that’s in print on topics like freedom, conscience, religion, power, miracles, church and temptation. As relevant as it was in the 19th century.
