Synopsis

Megan is entering her second co-op work term at University of Demonic Studies, but her bid to become a licensed vengeance demon might just have to take a back seat to an impending war.Vengeance demon and trickster hybrid Megan Aequitas always knew she wasnÃ¢â ¬â„¢t the only outcast in the vengeance society. Her friend, Serafina, was kidnapped at birth by the changelings and served as a shameful reminder of her own peopleÃ¢â ¬â„¢s failings.Now Eldon, the changeling prince Serafina grew up with, is banished to the vengeance plane. Suddenly, Megan finds herself hiding him and Serafina from every supernatural who was ever wronged by the changelings, from goblins and elves, to even the Three Fates.Soon the Vengeance Council wages war against the changelings, at the risk of destroying the Cosmic Balance. As the chess pieces are set for a deadly conflict, Megan races against time to find a peaceful solution, even if it means teaming up with Gregory, the sexy vengeance mercenary she canÃ¢â ¬â„¢t decide whether to kiss or kick in the nuts.After playing by the vengeance rules all her life, Megan realizes when it comes to politics and ulterior motives, thereÃ¢â ¬â„¢s no such thing as a good vengeance.

Customer Reviews

Megan isn't the heroine we asked for, but she's definitely the heroine we need. Vengeance demons are angels in disguise, delivering justice to wrong-doers and helping survivors recover from the wrongs done to them. But Megan isn't an ordinary vengeance demon. She's also a trickster, belonging to a race who wrecks havoc (and fun) on the world. She is unique and able to distinguish between the shades of grey that rule all planes.Louisa Lo has done it again in the 3rd book of this series. Like her protagonist, this series is unique in the urban fantasy genre. There is nothing else like it out there! The story maintains a good, respectable pace throughout, picking up speed as it gets closer to the climax, and tapering off at the resolution. A Good Vengeance will engage and enthrall you, and before you know it, you'll be at the end.You will fall hard for Megan and Seraphina as they race against time to save their plane of existence.Do yourself a favor and pick up this book. Louisa Lo is *the* author to watch!

I'm a first time reader of the author, but after reading A Good Vengeance, I'm adding you to my favorite authors list.i loved the characters. Megan is becoming one of my all me favorite heroes. Thank you.

Another great story in the Vengeance Demons Book Series. Megan and Serafina have to come together to save someone from Serafina's past. We meet all the characters from past books as they come together to save Eldon and stop a war between The Council and The Grey. Will they be in time or will the society be forever changed.The thing I loved most about this story was the fact they we got to meet so many more characters in the Vengeance society. From goblins, leprechauns, fairy, elves to so many more. It made for a great and entertaining story. As they all come together to fight over the future of Eldon. They each of the races hang in limbo Eldon is the key to the answers. As Megan, Serfina, Gregory and a few more come together the action keeps getting better and better. Each character finds there future in the Vengeance world.Each book in this series keeps getting better and better. The action, angst, suspense, and friendship keeps this story moving. Can't wait to see what at future holds for Megan.I voluntarily read a copy of book for Kylie's Fiction Addiction.

Vengeance Be Mine was a wonderful introduction to this series, and I was quickly left wanting more.

Without a second thought, I jumped into the prequel, Before Vengeance. Before Vengeance was a wonderful read, yet it left me wanting more of Serafina. It left me wanting more of the series as a whole, but my biggest wish was more Serafina. Hence why I jumped into Vengeance Unclaimed, hoping it would control my needs. ItÃƒÂ¢Ã â ¬Ã â„¢s a short, but wonderful, story that fits between Vengeance Be Mine and A Good Vengeance. For such a short story, it really does give us so much. There are also references made to the story in this one. Therefore, I suggest you read Vengeance Unclaimed before diving into A Good Vengeance.As for whether I enjoyed A Good Vengeance ÃƒÂ¢Ã â ¬Ã â œ I can honestly say I enjoyed it even more than the prior stories I have read in this series. Every new story added seems to take the series to new heights, and I cannot wait to see where we head from here. I am hooked, and IÃƒÂ¢Ã â ¬Ã â„¢ll be following this series until it reaches a conclusion. A conclusion I believe will be epic ÃƒÂ¢Ã â ¬Ã â œ because, honestly, the possibilities for this series are mind blowing.Like the other stories in the series, A Good Vengeance pulls you into the story from the very first page. YouÃƒÂ¢Ã â ¬Ã â„¢re thrown right into the vengeance world, and before you know what is happening things are spiralling out of control. It is wonderful, allowing for an action packed read that keeps you engaged throughout. Everything hits you, event after event, leaving you with whiplash as you try to wrap your head around all the new information provided in the heat of the story.Vengeance Be Mine introduced us to a new and interesting urban fantasy world. A Good Vengeance takes us to new heights, expanding the world, and leaving us invested in so many different creatures. Throughout new creatures are introduced and those weÃƒÂ¢Ã â ¬Ã â„¢re already aware of develop, the two different aspects interwoven seamlessly, allowing for a beautiful development of the wonderful world Louisa Lo has created.ItÃƒÂ¢Ã â ¬Ã â„¢s not just the world and creatures that develop, though, as the characters also develop. This book gives us chapters told from MeganÃƒÂ¢Ã â ¬Ã â„¢s perspective and from SerafinaÃƒÂ¢Ã â ¬Ã â„¢s perspective, which I truly loved. Whilst a part of me favours Serafina as a character (her prequel story left me so invested in her life), I favour reading things from MeganÃƒÂ¢Ã â ¬Ã â„¢s perspective (her internal thoughts are so entertaining). Through following both of the characters, we get a much bigger picture of the supporting cast. So many characters develop due to the events of this book, yet seeing them from different perspectives also helped to make them come alive. Whilst I enjoyed many of the developments that took place throughout this book ÃƒÂ¢Ã â ¬Ã â œ all were amazing ÃƒÂ¢Ã â ¬Ã â œ I have a special place in my heart for FirÃƒÂ¢Ã â ¬Ã â„¢s development. He added so much humour to the story ÃƒÂ¢Ã â ¬Ã â œ I just loved how alive he became in this one, becoming a fast favourite.Another thing I really enjoyed in this one was how Louisa Lo kept in line

with the low levels of romance. It is there, it is vital to the story, yet it is subtle. Both of the romantic subplots were important, yet they never overpowered the overall story, and both were important. The romance has a reason in this story; itÃƒÂ¢Ã â ¬Ã â„¢s not just there to make this story ÃƒÂ¢Ã â ¬Ã ËœinterestingÃƒÂ¢Ã â ¬Ã â„¢. I particularly enjoyed how vastly different the romantic details were, allowing for completely different reading experiences, and I loved how seamlessly they flowed. I feel as though the romance will come to play a bigger part in the future of the series, yet IÃƒÂ¢Ã â ¬Ã â„¢m hopeful it will never become as romance heavy as most of the urban fantasy novels on the market. ItÃƒÂ¢Ã â ¬Ã â„¢s refreshing for the romance to take a bit of a step back.Whilst many will be intrigued by the romance moving forward, it is not the only thing to progress. There are very large shifts in this book, giving you a clear indication of what you can expect from the rest of the series. For those who are looking, there are also a lot of smaller details that leave you with questions and suspensions regarding the future of characters and events. ItÃƒÂ¢Ã â ¬Ã â„¢s done so well, leaving you with a feeling of a large push forward whilst leaving you with a number of questions that still need answering. Without a doubt, it has left me super expected to pick up the next book to see what happens.After all, that ending is a big ÃƒÂ¢Ã â ¬Ã Ëœpick up the next storyÃƒÂ¢Ã â ¬Ã â„¢ if I have ever seen one. I need answers, and I need them now.Overall, a wonderful addition to the series. If youÃƒÂ¢Ã â ¬Ã â„¢ve yet to jump into this world, I certainly suggest you do. Like me, you shall be left addicted and jumping from one book to the next.

Being am oddity or one of a kind does not need to be bad. Especially if you have the powers.Megan is back to her career-pursuing life, when suddenly Gregory calls in his debt. The fae prince Eldon was kicked out of Dualsing and ended on the human plane, and the only one who can help him is Serafina. With Megan and Serafina bringing Eldon into Megan’s parents’ house, they unleash wild elements that can wreak havoc on all planes and bring war to their door - all because everyone wants to claim vengeance on the Changelings. In a desperate try to save Eldon and bring all the Changelings back to where they belong, the small group uncovers some secrets that were supposed to be buried forever and change the course of the world irreversibly.After reading the previous books, I tried to save time to read this next one, and certainly wasn’t disappointed. Fadt pacing, full of action, adventure and mysteries, intervowen with magic and intrigues, it was one hell of a read. Raging emotions and hopeless situations were not exceptional, and although the conclusion is not what one could expect and be satisfied with, it reflects the reality of the present, though.I loved the characters and I am really glad we got to see more of Serafina and Gregory here.

I am so happy for the development in Eldon’s personality, and found even Pedro really interesting. But who I love most after this book is Fir, with his mischievous trickster nature but fierce loyalty, one eho knows how to use his wits.Great read, and I hope to read another book from this author soon.
