Synopsis

They say learning a new language can be hard. Whoever said that never had this audiobook! Are you in a hurry to learn French? Great! You came to the right place. This audiobook is written from the standpoint of rapid language acquisition. There is a science behind learning the French language and within this audiobook holds the master key to rapid language learning. Whether you are in Paris, Montreal, or anywhere French is spoken, this audiobook can be your best friend and have you speaking, reading, and writing the language faster than you ever thought possible! Traveling around the world has forced me to learn new languages quickly. If you are reading this right now, then it probably means that you need to learn French in a hurry. The good news is I have been in your shoes and will share the EXACT process I follow when it comes to rapid language acquisition. I recorded this audiobook for a couple of reasons: 1. To provide people a quick and actionable plan to quickly learn French. 2. To allow those of us who may be traveling to French-speaking countries or working in French-speaking environments a 48 hour crash course to catch you up to speed. Can You Really Learn a Language in 48 Hours? The short answer is YES! I have done this with over a dozen languages and the exact process I use to acquire new languages in rapid fashion is laid out step-by-step inside this audiobook. To be sure, this audiobook is exactly what you need to train your brain the basics of learning the French language. Customer Reviews

This is an excellent resource for learning French. It provides a ton of vocab, grammar lessons, and pronunciation guides. Every chapter is packed full of details. This book would serve as an excellent resource for anyone starting out learning French. I think it would be especially helpful for beginning students, and would give them a leg up when they start taking French class.

This book provides a lot of useful phrases and action steps on how to learn french. I really like the fact that most of the phrases taught in this book can be used in everyday life. I highly recommend it.

I was so curious on how would this happen at the same time I also have interest in French so I had this. And 48 hours? no way right. But I did! so I was so surprised as well. The key of the book was its structure in teaching, in short the lesson plan was systematic. Very clever and nicely done!

Good, solid course for learning French for the first time or brushing up on the language. Each chapter has a dialogue section to reinforce the lessons. Some sections are spoken entirely in French followed by a vocabulary section. This immersion style technique is helpful when added to the traditional teaching style of most of the book. Included are also bits of French culture and history. The narrator sounds like an authentic French citizen. Great course. Very helpful.

The narrator reads like reading from a book, even wastes LOTS of time teading the tablet of contents. BUT cant find the book. WTF. Does cover lots of vocab, but hardly a single source for good learning..without a book to follow along.
