beautiful photography

These are superb books, with exceptional photos of room boxes (doll *houses* are barely represented), but make certain your auction is for BOTH Volumns, and demand a correction if you only recieve one. Even though the description lists 2 volumns, some sellers only send one.Like most Therriault books, the photos are large, clear and well staged. Best of all, they seperated the room boxes elements, so you get a clear view of each piece of furniture, and the roombox itself.I

own approximately 50 antique dollhouse books. This set is among my top five.
