This coloring book combines two of my favorite things... cats and swearing! The pictures are pretty cute and I like that it comes with doubles of each picture. It puts me in a better mood and is just as much fun as coloring when I was younger. A pretty good (and funny) stress reliever

Cats and bad words... I feel like this book was made just for me! Lol as a cat lover, a lover of bad words and coloring this book is perfect. I love how everything is drawn. The cats are feisty and I love that you get two of each image! I always want to make copies in case I mess up or if I have a different idea! Pictures are single sided which is great!

This is so stinking cute! I have this color book at work, when it starts to get slow. Nothing brightens your day more than cats who swear! I have a few swear coloring books, but cats?! Come on! This was freaking genius! You get two of each picture - so you can share with a friend who enjoys cuss words. Nice designs to each picture, and there are no hash lines. Overall very happy to add this coloring book to my collection.

I recent his coloring book as a gift from my husband. It’s everything I dreamed it would be. The art is hilarious, and included a beautiful ball faced cat, cat toot holes, and even a flower flipping the bird. There were two of each picture which is great for group activities.

Even though the pictures are less challenging they don’t lack in entertainment. Be advised that every picture has a duplicate.

I love that this book gives you two copies of each picture... I’m always terrified of f&@$*ing up. I feel more confident now!

This book is cute, and I like it, but it isn’t one of my favorite ones. I love cats and have quite a few of them, so I needed to get this book! It’s fun to color, though I haven’t figured out what to do with the finished pages yet. Sometimes, I swear AT my cats, because, you know, they are cats.... Obviously, this book is not for kids, but it’s fun for adults. It’s not that long, and I’ve gotten better books with more pictures for lower prices, so that’s partly why I rated it 3 stars. It’s not as good a value as some other books. I would recommend if you really love and hate your cats and need to burn off some steam.

Loving this hilarious book! The pages are average thickness, not too thin like children’s coloring books, but not thick either. Markers will bleed, so I always use something underneath the page if I decide to use markers. The designs are larger and less intricate so it’s more of a fun, quick coloring page than a really beautiful, detailed one. I can get a page done in about 15 minutes, or even less if I use thick markers. Each design is printed twice which I actually like so I can share one with my friend or fiancÃƒÂ© and we color the same one together. They aren’t overly vulgar, and I find the pictures hilarious! It’s definitely funny and enjoyable!
