Synopsis

Vincent van Gogh evolved a vibrant technique, characterized by bold, slashing strokes. This collection of bookmarks includes details from 12 of his most revolutionary works, among them Self-Portrait with Bandaged Ear, Sunflowers, Starry Night, CafÃƒÂ© Terrace on the Place du Forum, Arles, At Night, Irises, The Night CafÃƒÂ©, and Portrait of Doctor Gachet.

Age Range: 5 and up

Grade Level: Kindergarten and up

Customer Reviews

I was a little wary when I received these bookmarks, as I thought each would be separated. However, the bookmarks are, in reality, perforated, so you have to be very careful when pulling one out. The card stock is not extremely high-quality. However, the prints on each one are beautiful. In my case, however, instead of including one inside of each book and card i mail to others, I will have to include the entire bookmark little set. A great little idea, but as a serious bookmark collection, I would see what else can be found first.

I volunteer as a "picture parent" at my child's elementary school, which means I come into the classroom once a month to talk to the students about an artist and some of his/her paintings. Out of all the artists I have presented, Van Gogh is one of my favorites. I love his style of painting, with the big, bold brush strokes and vivid colors. These bookmarks make a great handout to the students at

the end of my presentation. Besides Van Gogh, there are other artist bookmarks available, including Degas, Cassatt, and Monet, among others. Each little booklet contains 12 bookmarks which need to be separated at the perforations. At just over a dime per bookmark, you can't beat the price. Dover Publications, the publisher, also makes booklets with art related stickers and tattoos, but I find the bookmarks to be the most practical for the students. Of course, I always keep a few bookmarks for myself to use and enjoy. Would definitely recommend.

These books marks are okay. I love the designs but they are smaller than normal bookmarks and they are perforated so they have rough edges when you take them apart. I'm collecting book for my personal library and want to leave a book mark in each book. These are fair and qwill serve the purpose. Not bad for the price but I wish they were a little bigger.

My husband is an artist and he loves reading books too so I think this would be the perfect gift for him. I was curious what would be inside this bookmark book before I bought it and now as I got it in my hands, I think I should share it's images with everybody who would like to have one so they can know if they like it or not.

Beautiful - some of my favorite bookmarks I use today

The bookmarks were a little smaller than I expected but then again bookmarks are not meant to be large. I am a fan of Vincent Van Gogh and I love the portraits on the bookmarks. I love that they offered such a big variety and the glossy finish makes the pictures shine. I love this product. The paper is not very thick but can last a long time if treated right.

I bought these for an art-appreciative co-worker who loves reading. They weren't much (I was aiming for the free shipping and this was a great filler) but I definitely feel I got my money's worth. 12 full-color heavy-weight paper bookmarks, and bound (as perforated tear-outs) in a book that can go on the bookshelf itself. Highly recommended for the bookworms you know.

I ordered the bookmarks because they showed up on Super Saver shipping and I figured $1.50 for a set of 12 was a good deal anyway. They are so lovely, I just want to keep the booklet as it is. Probably will laminate a couple of my favourite works so they last. As many other reviewers have noted, the paper is thick and the images clear.These will make great add-on gifts for book and art

lovers, especially if you are creating a hamper with assorted items that may or may not include books or decorative journals. I will buy more of the Van Gogh ones for sure!
