Synopsis

This collection, covering 30+ years in the career of the most successful and influential progressive rock band in history is a tribute to Rush's brilliant guitarist Alex Lifeson, one of the fathers of the progressive rock guitar genre. The book contains 22 prog-rock classics commencing in the mid-'70s and concluding with chart success Snakes and Arrows, all in complete TAB. Titles: The Big Money * Closer to the Heart * Distant Early Warning * Dreamline * Far Cry * Fly by Night * Freewill * Ghost of a Chance * The Larger Bowl * Limelight * New World Man * One Little Victory * Red Barchetta * Show Don't Tell * The Spirit of Radio * Subdivisions * Test for Echo * The Trees * Tom Sawyer * Vital Signs * Working Man * YYZ.

Customer Reviews

ONE OF THE BEST TAB BOOKS EVER MADE ! FLY BY NIGHT SOUNDS JUST LIKE THE ALBUM ! IF YOU LOVE RUSH YOU'LL GET A GREATER APPRECIATION WHEN YOU LEARN THEIR SONGS ! NOW TAKE THEE HENCE .. AND GO FORTH ... AND ROCK ... !!!

Tabs are accurate to the actual recordings. Like all tabs.. not 100% but far better than other Rush TAB books I've found

as everybody, i want to play rush. the tabs are good, the song selection are appropriate too. i just

want more fingers, hahaha

Not all the songs were in it that I wanted, but Rush has had dozens of albums. Really like the tab.

There is no finer band in the world then Rush. I have seen then in concert over 20 times and there has never been a bad show. They are the high Priests of rock. Alex does not get enough create for his guiatr playing in my opinion. The tabs in this book have been extremely helpsful in helping me play the songs that I love. I highly recomend this book for any guitarist who wants wants to play some of the greatest songs ever

This TAB book has many of the great hits RUSH is known for. Fairly easy to follow, I don't think this is for people just learning the guitar but, anyone can at least practice. Item was as advertised and quick shipping!

This comment is about the Kindle version of this tab. It's horrible. I'm sure the tab itself is as good as everyone else has provided feedback about, but this was not optimized for use on a digital device in a digital format. It seems as if the pages were made into PDF images and then pasted two-to-a-page (yes, two, not one) into a book. The musical/tab notation is so small it is almost unusable, and is not affected by increasing the text size (that's why I think they're just images plugged into a page). Unless and until they optimize this for use as true digital content, stick with the tried and true book. I'm including two screen shots from a 13" MacBook Air as examples. One is the Kindle app in normal mode, the other in full screen. Useless.
