"Cat Days" is composed of three short stories about a cat. The very simple vocabulary, the basic storyline, and the color illustrations keyed to the text make the stories ideal for kindergarten-age kids who are just learning to read. The stories reminded me of the old "Dick and Jane" readers that I used in the first grade in the 1950s, except instead of Spot the dog, the pet is a cat named "Cat."Cat Days impressed me as an excellent primer for beginning young readers.

I couldn’t figure out how to make the pop out feature work on my iPad, but reading the story was very easy. The writing was reminiscent of the "Dick and Jane" books I learned to read from as a

young child, so I enjoyed reading this book. The artwork was cute and simply done.At the beginning of the book is a description explaining what this book offers. According to the publisher and/or author, the book is written for an "Emergent Reader" who can read from left to right and top to bottom progression. The publisher and/or author offers some activities that can be done after reading the book. Those activities include learning word families and story extension ideas.Recommend.Penmouse

Very pleased.

Oh granddaughter loved it

didn’t finish.

My nephew is staying the weekend at my house and his father called and told me that he was trying to get him to read a book every day but forgot to pack him one. I found this book and downloaded it. I was super happy it was free because my nephew doesn’t live with me so I wouldn’t want to spend money on a book I’m going to delete as soon as he leaves.He did great reading the book and it was short enough that he didn’t get bored halfway through and long enough that he still got to read a variety of sentences. The pictures were cute and the it was a cute concept but wasn’t gender specific so I didn’t have to spend time looking up a "boy" book. Thanks a ton!

Ok for a starter book. This book is very similar to the letter books that my son gets in pre-K. It is very short and simple and focuses on repeating just a few words. I wouldn’t really say it is worth the $3-$4, since it is pretty much the same as what he gets for homework or you can print off online for free. The repetition of the words is good for memory and recognition, however I prefer something a little longer that I can read with my kids and grow their vocal a bit.
