Customer Reviews

Goop.com - Gwyneth Paltrow "This is not just another sex book. 101 Nights of Grrreat Sex uses ‘secret sealed seductionsÃ¢â ¬â„¢ with special instructions for a love task or favor that each partner tears out and completes for one another. Sounds simple but the anticipation and mystery makes even the smallest gestures pretty thrilling." OwningPink.com - Lissa Rankin, MD OB/GYN “As an OB/GYN and blogger, 101 Nights is one of my most frequently recommended books. I prescribe it to patients suffering from decreased libido, recommend it to mentoring clients seeking more pleasure, and blog about it as a way to explore the true desires of your authentic sensual self. Plus, (donÃ¢â ¬â„¢t tell my mother!), my own copy of 101 nights is well loved, tattered, and torn up. My husband thanks you!Ã¢â ¬Â• Men's Perspective Magazine"Author Laura Corn has hit on an amazingly simple wonder. Virtually none of these 'recipes' is unheard of, but it is the simplicity of putting them into the 'time release' format which is a touch of brilliance here. The tease factor involved is incredible." USA Today"In bedrooms around the nation, couples are examining sealed suggestions from Laura Corn's book, 101 Nights of Grrreat Sex. The book presents 50 suggestions for him and 50 for her, as well as a final suggestion for the couple. Each playful tip comes in a sealed Envelope that the reader pulls out from the book. The major problem in the bedroom is simply boredom, Corn says. She designed her book to be a 'course in the erotic arts.' The sealed envelope adds an element of surprise and anticipation. GOOD HOUSEKEEPING"This is oodles of fun! This book guarantees discovery, innovation and debate—and when your sex life's worth chatting about, you know you're making progress."

The ideas are very cool. It’s a fun book. The one-star removed is because so many of the ideas require a whole lot of prep, including occasional shopping trips. I get the idea, but my wife found the whole shopping/prepping thing a bit too much.

The only downside is that some of the pages ask you buy items that cost over $100. Had to get creative to avoid the price tag.

Bought as a gift, but we had our own. We enjoy it. Has a couple pages where you just look at each other and choose another. But, mostly the pages and suggestions are good

Love giving this as a gift for my friends who are about to get married, for bachelorette gift, etc.

Oohh LaLa. Best thing since French Toast!!!!

Great book with some hot ideas!!

Still enjoying this book

This book takes you to the edge of your comfort zone! Always something exciting to look forward to for both of us!
