I think that the music is well written and challenging. Very well done if you listen to orchestral pieces you can really follow along with them. That being said a couple songs are cut short almost in half and the accompaniment CD is just atrocious. The tracks are single tracks only with the melody on the left channel which is done by some creepy midi xylophone. I really prefer the accompaniment to have two tracks for each song, one with and one without the melody.

When I received this, I was very excited. The music was as challenging as I had hoped it would be, but the CD was an utter disappointment. I get a set of music with a CD so that I can play it with a full orchestral sound behind me to be more entertaining to my audience. Unfortunately, the bell sounds for when the notes that are being played are so loud that they completely overrun the orchestra. If you are looking for challenging music and do not wish to play with the CD and orchestral sound, I would recommend this highly. However, if you like the orchestral sound as I do, I do not recommend this.

I play the flute and i am an intermediatee flute player. I got this for christmas and was thrilled to get it. It has all of the songs of Tchaivoskys the nutcraker play. I can play 2 songs in it but i will keep trying! It has some hard songs like Dance of the reed flutes and other things too. I would recommend this book to any one who plays the flute and know nost of the notes. There is as slight problem with the notes becuase most of them are low notes but as you try and try it will be easy. You should get this book!
