Borch uses a patented lamination process to cross the folds of the map, making it easier to read and even easier to refold. The tough but non-toxic lamination material degrades to oxygen and water in a landfill environment. Before then, the map is practically indestructible in your backpack or suit coat pocket, and can even be written on temporarily with dry-erase markers.

Haven’t been to Montreal yet, but it looks good.

Wonderful laminated map can’t go wrong with it.

Oui. Tres Bon
