This coloring book is loads of fun. Mad at your boss, upset with your significant other - get this book out and color a page. It reliefs stress completely. I highly recommend this book to everyone over the age of 21 of course! Here are a couple of my favorite pages. Fage from Shanghai, Fich Dich from Germany, and Javla from Sweden

I love this book! Bought it to entertain myself while I was out on leave from work, was laid up on the

couch for 4 straight weeks. This definitely made the time go much quicker! Great patterns that are complicated enough to keep my mind occupied but not hard enough to be a pain and too difficult. Thank you!

I like it but I wish the various languages were depicted in the appropriate characters, as opposed to phonetic English (which could have been noted in smaller text elsewhere.)

This is such a funny book, great designs with different ways to say the f word. You'll definitely know the arts of the F word next time you're in another country.

Purchased this as a bridal shower game prixe, it went well, everyone loves it and wants one.

Enjoyed this book, it has become one of my favorites now. Love the designs, paper quality is mice. Pics on one side only so there is no bleed thru. Back side of page is translation and what country it is from. Thumbs up on this one.

Love this coloring book! It is fun learning about all the different languages and how to pronounce in different ways around the world. Great book to give as a funny gift or keep for yourself as a stress reliever.
