Customer Reviews

Since 1973, Rick has spent about four months a year exploring Europe. His mission: to empower Americans to have European trips that are fun, affordable, and culturally broadening. Rick produces a best-selling guidebook series, a public television series, and a public radio show, and organizes small-group tours that take over 20,000 travelers to Europe annually. He does all of this with the help of a hardworking, well-traveled staff of 100 at Rick Steves' Europe in Edmonds, Washington, near Seattle. When not on the road, Rick is active in his church and with advocacy groups focused on economic justice, drug policy reform, and ending hunger. To recharge, Rick plays piano, relaxes at his family cabin in the Cascade Mountains, and spends time with his partner Trish, son Andy, and daughter Jackie.Connect with Rick:facebook: Rick Stevestwitter: @RickStevesinstagram: ricksteveseurope

As always, Rick Steves' guide is terrific. This helped us plan a perfect 3day trip to Cinque Terre

So detailed and helping me plan my trip!

Just as described

right size, solid current very useful info

Very helpful! I have loved all his books on Italy!

Great

This is by far the best resource available on the five tiny towns that form the "Cinque Terre" of the Italian Riviera. Written in Rick Steves' usual affable yet practical style, the book is packed with information on the Cinque Terre as well as some general Italy information for the traveller. Production value is high, with glossy paper and color photos throughout; each town gets its own color-coded chapter. The Cinque Terre themselves are an extremely popular and picturesque tourist destination on the Ligurian coast between La Spezia and Portofino. For me the best feature of all is the map which folds out from the back cover (but can be removed if you like via a perforated tear line): on one side is an orientation map showing all five towns and on the reverse is an individual street map, with points of interest, for each of the five towns. Although small (about 10" x 19" when unfolded) and featuring what are literally "street" maps (most of these towns are built around a single main street), this map is a precious resource very hard to find otherwise. This book is a must have if you are considering a visit to the area.

Great little book that I used all the time while in Italy. Rick Steves never disappoints. Recommended!
