Synopsis

Brides of the Kindred # 17A warrior with a talent that could get him killedA girl transported to a new existence with no warningWhen the two of them trade lives, it places them in mortal peril.Not to mention really screwing up their love lives!Will they ever be able to get back in their rightful bodies?Or have they been forever...Switched?What happens when you wake up in someone else's body?And what if that someone happens to be a huge, hot, Alien warrior?Frankie is about to find out...the hard way.Kerov knows his people used to have the ability to Switch bodies with their bonded mates, but he has no idea who the girl in his head is. And the fact that she's controlling his body goes beyond awkward...it could be lethal if anyone finds out. On his home planet of Tarsia, Switching is a crime punishable by death. But there are worse things than dying as he finds out when he gets stuck in Frankie's body as well. What is a Brazilian bikini wax anyway? And why does he have to remove his pants to get one?Will Frankie and Kerov ever get back to their own bodies? And what do the steamy dreams they've been sharing have to do with their destinies? You'll have to read Switched, Brides of the Kindred 17, to find out.

Customer Reviews

My daughter and I have been reading the Brides of the Kindred from the very first book, and I can honestly tell you that this is one of the funnest-and sexy / romantic of the series I have read to date. To be honest I never knew from one moment to the next whether I was going to be holding my side from laughing so hard, crying or sighing over the characters, yeah it was that good. I highly recommend this book and series to any and all you that are into a good romance story. This is one of the best in my opinion.Dawn

Another fantastic Kindred Bride book by Evangeline Anderson. Book 17: Switched is an hilarious addition to the other wonderful books in this series. I loved watching the two of them try to act like the other in order to keep a low profile, but having never been around one another, or even on the planets they find themselves on, it’s fun to see how they react to things they are not use to.Kerov and Frankie meet in the most unlikely manor. They switch bodies. Other than a few dreams that Frankie has had, they’ve never met until Frankie takes over Kerov’s body. Kerov’s is a switch kindred that are being bred out of the race on his home planet. He has been taught that kindred are scum and treated as such. Frankie does her best to keep his life going the way he wants it as much as she can, but with some hilarious mishaps, and one very sneaky boss things don’t go the way he wants. Kerov’s doing his best to be Frankie while he is in her body as well, but is having a lot of problems himself. With a professor thinking he could take advantage of a drunken Frankie (Kerov), to an ex-husband and family members that won’t take no for an answer, he’s messed up her life as well. They finally meet face to face for the first on the mother ship when they go to seek help in getting switched back to their own bodies. The whole time not knowing how the other truly feels about them. With the evil Two aboard ship causing havoc and trying to take over the kindred race, they figure out what we already knew, they love each other, but are still to scared to admit it.I’m looking forward to see how the next book unfolds, the introduction of Elaina into the series was a slide that I didn’t expect, but you can tell there is some chemistry between her and Commander Terex from the time they see each other. Also hoping to see how Lacy reacts to Frankie being bonded to Kerov and see if she will eventually become a bride herself.

There just isn’t anymore that I can say about series. Evangeline is a genius. She allows the old

characters to evolve while bringing in new ones that mesh well with the story. And of course, she plants the seed for the next book.If MUST read all 17 books, in order. You will fall in love with the warriors and their brides.

As you know I'm extremely fond of this series. I'm still not sure how I felt about Frankie and Kerov since we didn't really get any backstory on them from the previous books. I really like Frankie but I do question her ability to speak up for herself being so wrapped up in what her family feels about her decision she makes about her life. I was also wondering what happen to Kerov friend Jorn?? Did he screw up his chance to continue with his military career?? whatever happened to Kerov stuck up mandatory ex Xirnah did she ever out him to Tarsia people?? Overall this was enjoyable and entertaining read and thank god Frankie did suffer any kind of traumatic past and even though her insecurities about her behind was kinda of annoying but at least she had some sassy and spice and wasn't as annoying compared to the other heroine in the series.

Oh NO..... This was unique but not in a good way. It was gross and creepy when female MC was in male MC body trying to complete his\her "Government Mandated Weekly Sex" with his "Government Selected Breeding Partner". He was also in there trying to guide her on what do and what was expected. The government picks people who are NOT compatible because affection and love is not allowed. There is NO freedom. Just NO! This was not a story for me.

I truly enjoyed reading this book. The action, adventure, and romance take the imagination for a joy ride. My only critique is that Korav left his pet and her babies on that awful planet. He was portrayed as an animal caregiver and lover, so hopefully Anderson will have him retrieve them in another book. Of course, this is only my opinion, and doesn't take away from the overall excellence of this book.
