Great study book. Gave this to our 12 year old son who is really enjoying it.

good information for my teenage son

An excellent, interactive devotional for preteen-teen aged boys/young men. This was clearly written for an audience of 11-17 year old guys. There is nothing childish about it. I love how each section has a little bit of reading, and a little bit of writing. Small segments are inviting. The book carefully walks the student through the why, how and what of Scripture, with a heavy emphasis on Scripture revealing itself.We spent a great deal of intentional shopping for a this interactive type devotional study. There isn't much like it on the market. Most devotionals provide reading only, commentary on Scripture or great thoughts for that day. Most Bible studies seem to include a 20 minute daily read and response set up (designed and dated for 7 days a week). This is the only one we found where a student can work self-paced and do as much or little as he would like that day.We now have A Girl's Guide to Discovering Her Bible, and A Boy After God's Own Heart for in the cue for others in the family!
