Synopsis

Audie Award Finalist, Erotica, 2016 Roth and I are on an open-ended tour of the world. Roth being Roth, this means missionary in Morocco, reverse cowgirl in Calcutta, bent over the bow of a houseboat in Hanoi, slow and sleepy on St. John. Anywhere and everywhere, in every conceivable position and some I didn’t know were possible. Life is pretty incredible. Until I wake up in his chateau in France alone. On the bed next to me is a note. There are only four words: "He belongs to me."

Best Sellers Rank: #64 inÃ Â Books > Audible Audiobooks > Romance > Suspense #169 inÃ Â Books > Audible Audiobooks > Romance > Contemporary #1134 inÃ Â Books > Romance > Romantic Suspense

Customer Reviews

This jumps right in where Alpha left off so you should read that first otherwise you will not know what is going on or anything about the characters.Kyrie wakes up to find Roth gone with a note written in blood stabbed into his pillow. She freaks of course and we are off! This book is non-stop action and sex! It grabs you and I couldn’t stop reading. Do I really have to eat???? I actually got the audiobook upgrade for this and was now listening on my commute to work. Pretty soon I am listening at work and after work, and every chance I had! I really loved Kyrie and Roth and their love for each other from Alpha. OMG!! Jasinda really upped the ante with Beta!! It tests our couple at every turn and I was just enthralled. I can’t tell you about the plot because it needs to be experienced first hand. Kyrie is one tough girl! Love is the underlying theme throughout and the lengths one will go to to preserve it. Please, please, please, give this a read and if you can, do the audiobook. I really enjoyed that aspect of having it read to me so I didn’t have to concentrate on reading the words but

just enjoy the story as it unfolded. I loved the narration done by Summer Roberts. Her inflection of Kyrie was spot on for me and her version of Roth? Better than the male's narration of him in my opinion.Yes, this was a very graphic book. There are many scenes of graphic, gory violence. There are scenes of torture and rape. There are scenes of explicit sex. But Jasinda does an awesome job of wrapping all those up in a present of suspense that we just can not stop reading. This book ended how it needed to. I loved it but this chapter is over. I know there will be a final book, Omega, that will deal with Beta's aftermath and accountability. I am certain I will read it but probably through my fingers because I expect it to be a doozy! Well done!

was glad to see that the story picked back up and ran quickly. I was worried that when I started it, it wouldn't have as many twists. It was fairly quick with the action and the cast of characters were awesome. One of the really good things about this book is, it brings a cause to light that's not always talked about. When people think of the word/action "rape" it's usually where a victim is a woman. In this case, it didn't. It can take any psychopath to be that way. With Roth being an "un-likely" victim so to speak, it shows a vulnerability that may not have been. Yes, here's this strong, brave man, but he suffered at the hands of another. He had to overcome so much. Just as much as she did. I'll be honest and say some of it bothered me, and it can be a trigger for some. Each character has such a strong presence as well. I loved how it ended though. It left it open for the next one to come on through. I would read it again.Warning: If you have triggers set off by violence, sex, and blood, be cautionary if you choose to read it.

The 2 stars is not for the writing as Jasinda Wilder is an accomplished writer but the low star rating is for the ending. An ending that has been left open and the author is not sure if she will write another book! She talks about leaving the story as is, for the integrity of the story which I find as just a weak excuse. The book could have been wrapped up easily if she felt that this was the way to keep the integrity of the characters and story and there was no more for these characters. I understand how a story can write itself and lead you through an unexpected journey, that's not what I'm really disappointed in, this to me seems like the author is burnt out and has no real foreseeable direction for this series. Again an easy fix just end it now but DON'T leave your loyal fans hanging, that's just plain rude.

- 1 great author- A spoon full of hot scenes- Some action and violence- and a little good fillingsAnd voila; you have a good book.Kyrie and Valentine is back in this book 2 and their challenges is

greater then ever when Valentine’s crazy ex shows up and kidnaps him.This book is even better then the first and Jasinda writes with lots of feelings and with a style that’s so easy to read.The characters are coming alive and I feel like I’m in the book.I look forward to the last one and Harris book, I hope they live up to my expectations.This is a series so I recommend you read the first one before this to get to know the characters.

Man and I thought Alpha was good! *BTW you must read Alpha - book 1 to clearly understand Beta. This book was action packed from the start I couldn’t put it down!!I loved Kyrie and Roth their loved was tested (understatement) but they preserved!! The hero & heroine are both Strong and both had to overcome a lot.I won’t give away the story but trust me if you love a great love story, steamy love scenes, strong characters, mystery, angst and an action pack story you must read this book!*Side note Beta also contains rape, violence, blood, kidnapping & killing just an FYIOk I’m off to read the last book Omega and I can’t wait.

I liked her first book, but not this one. I’m not a prude - far from it, but this book is nothing but trash. It has no real plot and is pretty much one long f**kfest. You used to be able to get a refund on Kindle books, but apparently not now. At least I can’t see anywhere to request a refund.

Have you see the episode of "Friends" where Phoebe is dating Alec Baldwin? Yeah. Four paragraphs describing the color of his or her eyes or four pages to capture the magnitude of ones love for the other AND then four more to describe the others reciprocated devotions....I loved the story line and the action. Very different from book one. I love the characters too. But the over use of adjectives and long winded descriptions are over powering to me.Having said that, i am still going to read book three. LoL
