Customer Reviews

I had the opportunity to use this book while sailing The Spanish Virgin Islands off the coast of Puerto Rico. I really liked this cruising guide. It provided lots of in depth navigational information as well charts of the islands with good depth readings and recommended entries into the various anchorages. Also provided information on things to do ashore. I gave it four stars insted of five only because the book needs to be in a binder format with coated pages. It is easy to damage the book if it gets wet which is highly likely on a sailboat.

Well organized book. Wish it would include trails to do once we are anchored
