Synopsis

On Caprona, the Land that Time Forgot, all of the world's savage past still lived. Here were dinosaurs and flying reptiles, here were the most primitive of cavemen, and the last of the Bronze Age barbarians. But there was one more secret that the claws and fangs and sharp-edged spears guarded most of all. This is the story of the man who tried to find that final secret. When Bradley, the adventurer, dared to cross the last terrible barrier to the heart of Caprona, he entered a world of wonder, terror, and danger beyond the imagination of any man--except Edgar Rice Burroughs.

This book is a large print version using a minimum of 16 point type in a 6 by 9 inch size and perfect bound - a paperback. As with all Quiet Vision print books, it use a high grade, acid free paper for long life. --This text refers to the MP3 CD edition.

Edgar Rice Burroughs (1875-1950), born in Chicago, was educated at Michigan Military Academy and served briefly in the US Cavalry. He began writing while working as a pencil-sharpener salesman, publishing his first piece in 1912 to great success. He authored numerous science fiction and fantasy series but is most famous for his Tarzan books; the suburb of Los Angeles where he lived eventually became known as Tarzana.

I really like it.

The book is true to the two predecessors. Far fetched as all of Burroughs' creations, it weaves an exciting tale. True to all his work, Burroughs never kills off a hero, so there is not much suspense, but how they principles get to safety is a good ride for the reader. Most interesting is the concept of progressive evolution in a lifetime. What an idea! There are theological implications and a bit of philosophy. Puzzling is the obliviousness of the hero to romantic feelings. But that is another tendency of Burroughs' heroes. A fun story that concludes the trilogy.

WHEN I WAS IN JR HIGH SCHOOL STARTED READING THE BURROUGHS BOOKS BUT SOME OF THEM WERE CENSORED BY THE SCHOOL LIBRARIES BECAUSE THEY WERE QUESTIONABLE MORALS. I PURCHASED MY OWN COPIES IN PAPERBACK TO READ AN UNCENCORED COPY. I THEN REREAD THEM WHEN I FINISHED MY LUNCH AND WAITED FOR MY NEXT CLASS TO START. LIKE THE TITLE AN OLD FRIEND. WHEN HOMELESS HAD TO SELL ALL THE BOOKS SO NOW I AM TRYING TO REBUILD MY LIBRARY AGAIN.

Finally answering all the questions you have been asking since book one, this ending to the Caspak Saga is deeply satisfying, if bitter-sweet.

Before Jurassic Park, before War of the Worlds we had Edgar Rice Burroughs. With out Him we may not have enjoyed all the other great science fiction stories.

Great book even though I did get itnout of order. It is best to read them in the order they were written.

easy reading

This whole series captivates the reader in what mankind might have been had we not been contaminated by mechanical progress. These stories are based on change and growth only dictated by evolution. It makes me wish for simpler times.
