Customer Reviews

My grandson, who is 2 1/2 years old, lives with his grandparents and mother and father. He is experiencing issues of being very mad and of course having a tantrum with it. He loves Daniel Tiger and I hoped buying this book he could put himself as Daniel and learn a lesson about being mad and how to control it. Daniel the Tiger is a good role model for toddlers and preschoolers.

This captures the attention of my 1.5 year old son who really does love Daniel. It’s a good read and he’ll sit through the whole thing and be mostly interactive with some additional prompting.

Not new material. Uses "scenes" from the tv show but my little one doesn’t know any different so it serves its purpose in my home.

Great book for my two year old grandson.

Wonderful book! Continues the legacy of Mr. Rogers and has just about everything from the episode about anger. My boy loves it. Thank you!

Love

Great little story book. Not my almost 2 year old daughter’s first choose, when it’s story time, as opposed to some of the other Daniel Tiger books, but she does enjoy this one as well.

Great for helping my 2-year-old learn how to deal with being mad. She loves the book, and we find it helpful too ;-)
