Synopsis

ALERT:Ã Â Before you purchase, check with your instructor or review your course syllabus to ensure that youÃ Â select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition,Ã Â you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Ã Â Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Ã Â Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Ã Â Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. Ã Â -- Balances the principles of small group communication with real world applications With an emphasis on real world examples, technology, and ethical collaboration, Communicating in Small Groups: Principles and Practices helps readers enhance their performance in groups and teams, while giving them insight into why group and team members communicate as they do.Ã Â Ã Â MySearchLab is a part of the Beebe/Masterson Ã Â program. Research and writing tools, including access to academic journals, help students understand critical thinking in even greater depth. To provide students with flexibility, students can download the eText to a tablet using the free Pearson eText app.

Dr. Steven Beebe is RegentsÃ¢â ¬â„¢ and University Distinguished Professor of Communication Studies at Texas State University. Dr. Beebe is serving in his 28th year as Chair of the Department of Communication Studies. He has served as Associate Dean of the College of Fine Arts and Communication for 25 years. He is the author and co-author of twelve books, with most books in multiple editions.Ã Â He has authored or co-authored more than 60 articles and book chapters and made more than 150 presentations at regional, national, and international conferences. Ã Â Steve has been a visiting scholar at both Oxford University and Cambridge University and is a member of the Common Room of Wolfson College, Oxford University.Ã Â He has given lectures and presentations in Europe, Australia, Asia, South America and has made 14 trips to Russia where he has been instrumental in establishing the first communication courses there. Ã Â Dr. Beebe teaches courses in small group communication, communication training and development, pubic speaking, interpersonal communication and C. S. Lewis. He made international headlines in 2009 when he discovered a manuscript in the Oxford University library that was the opening chapter of a book that was to be co-authored by C. S. Lewis and J. R. R. Tolkien.Ã Â He teaches a course about C. S. Lewis and Communication at Oxford University. Ã Â He was named Outstanding Communication Professor in America by the National SpeakerÃ¢â ¬â„¢s Association, and has received the PresidentÃ¢â ¬â„¢s Award for Excellence in Research, and the PresidentÃ¢â ¬â„¢s Award for Excellence in ServiceÃ¢â ¬â •the highest research and service awards at Texas Stat.Ã Â Steve was also named Honors Professor of the Year at Texas State.Ã Â Steve and his wife Sue were named Outstanding Alumni by their Alma Mater, the University of Central Missouri.Ã Â He is currently President of the National Communication Association, the largest professional communication association in the world. Ã Â Ã Â Dr. John Masterson is Executive Vice President and Provost emeritus of Texas Lutheran University.Ã Â He has taught Communication courses for over 30 years and has presented or published dozens of papers and articles as well as four books co-authored with Steven Beebe.Ã Â He has been the recipient of numerous awards and honors for his teaching, his scholarship, and his service. Ã Â Prior to his move to Texas, Dr. Masterson served the University of Miami (FL) for 22 years as professor of communication, associate dean of the School of Communication,Ã Â dean of the Graduate School of International Studies, and vice provost for Undergraduate Affairs.Ã Â Ã Â

I rented this book from for a college class in Small Group Communication. First, the rental program is AMAZING!!! Secondly, I really enjoyed this book. I have been a full time project manager in a

large corporation for approximately 8 years. This book really gave insight to the small group dynamics and how they affect communication. I have to return this copy but will be purchasing my own as part of my personal library.

I chose 5 stars because I had a good experience using this book. It was easy to navigate and was of good quality. I extremely enjoyed the book mark feature. I am also a college student so it was very convenient and cost effective for me. I would definitely recommend this to my peers.

This book was assigned to me for a group speech class i took in college. This book was easy to understand and read and had alot of interesting things to learn about other people. Lots of psychology in it thats very interesting. learned a lot from it.

Purchased this book for my class of small group communications, it is a very good bood as it covers what one needs to know in small group communications, the chapters are clean but full of good information to help you become better in coimmunicating in small groups. The book has some very good case studies for you to work on and see what the results can be. It does the job very well for the course that it is used for.

Another textbook I had to purchase for one of my classes, it was accurate in the condition that it was stated and perfect for my class. Good experience with purchasing books for school!

Beebe does well addressing the concerns and conflicts groups face. The theories introduced, are quite interesting and will cause you to reflect on your behavior in groups.

I honestly bought the book and didn’t even use it and I passed my class and they were using everything from the book the terms and everything some of this stuff is repeated information.

I needed this book for school and I got an A. It was very helpful in teaching the dynamics of small groups and the roles within them. Also how to run a successful group.
