Customer Reviews

Actually read almost the entire book and who does that ?! Easy read for 17 tests as well as the speeches for the class.

The book is fine and relatively easy to find the info needed to complete the quizzes developed with the material in the text. However 75+ dollars is a little ridiculous for a book that you also have to buy a binder to put it in. If you have the option, rent this book for half the cost.

Awesome!

Got me an A in the class.
