I grew up in the USA so I haven't been able to really appreciate many aspects of some versions of the Hindu Epics - They gave me the story but didn't help me understand why these stories should matter to my modern life. However, I absolutely love Rajaji's versions of the Mahabharat & Ramayan! He gives you a family tree diagram of the various characters in the beginning (half my headache solved!). He also gives us cultural context and emotion. As such, he truly communicates the 'Bhaava' of these precious epics to present day people and children who didn't grow up in India. I highly recommend Rajaji's books, especially as one's first exposure to these epics!
