Synopsis

Many, many years ago, Jerry went to live with his Grandma Putt, who had an amazing amount of knowledge and folklore about old-time, natural gardening. Although he resisted at first, Jerry was soon drawn into her magical world, where plants were treated like people and given kindness, courtesy, and respect. They, in turn,provided her with beauty, bounty, and an abundance ofnatural remedies. Grandma Putt shared her knowledge witheveryone, and soon, Jerry was on his way toward a new relationship with nature.In this book, Jerry shares the gardening secrets and old-time wisdom he first learned from his Grandma Putt. In addition, he`s added hundreds of tips, tricks, and tonics that he`s picked up along the way, including chapters on: Victorious Vegetable Gardening; The All-American Lawn; Eating...Weeds?; The Spice of Life - Herbs; Puttin` By and Storin` Away.

Customer Reviews

Jerry Baker, America`s Master Gardener(r), is America`s #1 home and garden expert and fix-it specialist. He`s taught over 29.8 million people how to use common, household items to fix thousands of everyday problems. He has written over 40 books, including the bestsellers Green Grass Magic and The Great Green Book of Garden Secrets.Jerry has his own national call-in radio show, On The Garden Line, and he makes frequent TV appearances, including on QVC and his own top-rated PBS Gardening Specials.Jerry also publishes America`s Gardening Newsletter, On The Garden Line(r),which is jam-packed full of old-fashioned advice and home remedies that`ll lead you to garden glory. As the Detroit News has said, Everything Jerry Baker does seems to mushroom and grow, whether it`s writing, gardening, or personal appearances.

Jerry Baker is the author of more than 50 books, including Jerry BakerÃ¢â ¬â„¢s Backyard Bird Feeding Bonanza, Jerry BakerÃ¢â ¬â„¢s Flower Garden Problem Solver, and Jerry BakerÃ¢â ¬â„¢s Great Green Book of Garden Secrets, and his gardening specials have been widely televised on PBS. He lives in New Hudson, Michigan. --This text refers to an out of print or unavailable edition of this title.

Hi! Like my other reviews on any given Jerry Baker book, a great read, tons of information, written by a quick wit! I have most of his books, and will always keep for reference. Read all the reviews and make your decision! Have fun! Kat =^.^=

This was a gift and she uses the information often.

I found the book "Jerry Baker's Old-Time Gardening Wisdom" to be a lot of fun reading, as well as helping me with some of my gardening problems. Also, helping to understand just how much fun and rewarding putting in a garden is. This year is the first time in my life I put in a garden. My neighbors, family and friends have noticed how pretty my garden is and how big the produce is and they can't believe I have had so much joy gardening with all the hard work. Actually, it isn't bad hard work when you love doing something. This book helped me want to get started. I can't wait to get my fall gardening plants lined out for when it is time to plant them. Thanks Jerry Baker for sharing.

I have really had a desire to improve my gardening knowledge and thought this book would help me out. When I started reading it I couldn't put it down. It is very well written and has ton's of wonderful tried and true gardening info in it, not to mention lots of recipes for concoctions you can make at home to use on your garden, your lawn , and your houseplants. When you finish this book you will almost want to give Grandma Putt a big kiss on the cheek. This book and Dick Raymond's book " Joy of Gardening " have rocked my gardening world .....

We have a large garden and I love the easy to-do suggestions for everything from greater yields, ridding the garden of pests, and end of the season tips. Would recommend this to anyone whatever size garden they grow.

Very, very helpful for anyone starting out their own garden. Many really great lessons on how to do

it right. I like that he doesn't use chemicals in his gardening. The whole reason I started a garden this year is to have plenty of chemical free, organic vegetables. He gives you lots of gardening concoctions that you can make from items in your kitchen to help the soil and keep bugs and disease at bay.

This book was a font of useful information. I love it and use it all the time. The recipes for fertilizers and bug replants a wonderful and eco safe for your garden. I had to buy the book as i had used the one from the library way to long (my finer cost more than the book) This seller was wonderful. Book came faster than promised and was in pristine condition. Will buy from them again and again.

I used some of the 'recipes' from PBS and they work well. There is plenty of other good information on gardening, trees and shrubs and lawn care. Although it is not all inclusive, it is a great reference.
