Synopsis

Expanded and all new for Summer 2012! The Mouse Pin Trading Guide is your inside track to anything and everything you could want to know about Disney Pin Trading! This Guide is an essential tool for anyone who has ever traded or wanted to trade Disney pins and will earn a spot in your pin bag, right beside your favorite Disney pins. The Ã¢â ¬Å“PinformationÃ¢â ¬Â• in this insightful handbook has been gathered from over 10 years of Disney Pin Trading by the Mouse Pin Trading Team in Walt Disney World and Disneyland. The book contains tons of tips, tricks and useful bits that will make your Disney Pin Trading experience an enjoyable one for everyone in your family. This guide literally covers the A-Z of Disney Pin Trading and walks you through everything from Where to Buy Your Pins to the Proper Way to Trade with Disney Cast Members. It even includes a full glossary of Disney Pin Trading Lingo and over 120 pages of Hidden Mickey Pin Checklists so you can keep track of the pins you have and the pins you need! Fully illustrated with 100Ã¢â ¬â„¢s of actual Disney Pins, this book is as visually captivating as it is informative. The Mouse Pin Trading Tips tucked amongst the pages will save you a ton of time and a lot of money! This guide is a must have for anyone planning a Disney Vacation. Happy Trading!

Customer Reviews

The Mouse Pin Trading team was formed from a mutual obsession in Disney Pin Trading. The fact that 2 families can get to know each other through trading Disney Pins, reach the conclusion that there was not enough information available for the new (or seasoned) pin trader, and write a book to remedy the situation speaks volumes to the social power of Disney Pin Trading. The Edgar family

has been trading Disney Pins in Walt Disney World and Disneyland for over 9 years, with multiple visits to Disney Parks in most of those. Pin trading has become the center point of our Disney vacations and each pin in our collection brings us back to who we met and where we were when we traded each pin. Not living close to the parks meant that we had to be better prepared and better informed than most pin traders to get the most of our time at Disney. We have met some amazing people through Disney Pin Trading and we thought it was time to share the experince with everyone. Together with the Shilensky family, we have put together every nuance, tip and trick we have learned about Disney Pin Trading. We hope that this amazing hobby becomes a touch point for your family vacation memories like it has for ours.

Is it a completely comprehensive guide listing every single pin out there? No. There are some things that I find need to be updated (there's no "Pin Stroller" listed at Animal Kingdom, but I know there's one there) but that could easily be due to things changing in due course at WDW. I appreciate a little humor mixed in with things, and I loved reading the author's comments, for example where they describe an exact timeline of waiting in line for a limited release pin. I did not find much of the information to be uncommon knowledge, those who are already "in" to pin trading are probably already aware of it, but it's a GREAT starting point for newbies. As less of a newbie, what I liked the most were the check lists in the back of the book! Yes, you can get the lists online or on smart phones, or PDF files, but not so deep down, I'm a nerdy bookworm, and there's just something very satisfying about taking a pencil and checking something off physically in the book. I wish I'd gotten a version with color photos, I didn't realize prior to purchasing that there was one available, but I still enjoy this book! It's not overly huge and heavy, could be tossed in a tote or backpack for travel too!

I admit it, I am a Disney pin addict. I don't know why, but I have faced the fact that I have a pin problem. That being said, I bought this book to help feed my addiction. As an amature pin trader, this book had very helpful information about where to find pins, the etiquette in trading, and the different types of pins for trading. What I found most helpful were the pictures of many of the pins out there for trading. Although it cannot show all of the pins (there are way too many) it was helpful in showing the different sets of pins, so I would know what to look for to complete the sets I have. The one complaint I have about this book is the quality of the pin pictures. They were a little fuzzy. For any amature Disney pin fanatic or for anyone who is just interested in learning more about Disney pin trading, I recommend this book.[...]

My son and I eagerly awaited this book. When we got it it took us an hour or so collectively to go through it. We had fun. Last year when we went to Disney we got involved in pin trading. We spent a pretty penny and I am glad we found this book. We have considered the options and the ways to avoid scrappers. Thank you so much for this little book. My son will most likely carry it around with him on our trip this fall.

The book is well written, and I would not have become aware of scrappers in the first place. I rather wish I hadn't become aware of scrappers, because I spent several hundred dollars on pins, only to find out they are scrappers! There have been no updates since August 2012, no Pinsider Newsletter, and no promised phone app. Still, it was a good book to read on pin trading.

I have no complaint about the quality and usefulness of the text of this book, and I did not expect an "art book," but the photographic reproductions of pins is so poor that some of them appear as little more than smudges. Other reviewers have, in fact, mentioned this flaw in passing, but I was unprepared for how much it impairs the book's utility.

great

nice book waiting for new updated book for on vinylamations to come out so we can add to our collection

This book is good for both veteran traders and beginners. It breaks down all the terminology in the pin trading biz, and also has helpful tips for finding rare pins. It's also small enough size to bring with you into the park!
