Customer Reviews

It Includes helpful anecdotes that expand your awareness of what it is really like to be a choral director or conductor.

I have the chance of actually being in Mrs. Nancy Smirl-Jorgensen and Mrs. Cathy Pfeiler’s class, and I can tell you first hand, they are not only fabulous people, but I have great admiration for what they stand for as teachers in this world. I have never, in my entire choral career, meet teachers as dedicated to their work. This book is just another show of what they have accomplished, and it is full of useful tips for the new choir teacher. Anyone that wants to follow in their footsteps should begin with this book. If you leave from reading this book, and only learn one new thing, you’ll have benefited from this book. I would definitely recommend it for anyone!

I really enjoy this book. It’s very humorous. The author has that sense of humor that I admire which

makes the material and techniques really easy to remember.
