If you want to stay healthy this holiday season; then look no further than the air fryer. This cookbook provides you with easy to read instructions and clearly laid out ingredients so that their is no difficultly in preparing these recipes. With recipes for all times of the day and occasions, you will find it hard to have a recipe that will suit your needs from pork kebabs to english muffins and duck loafs.

This is a great cookbook on Air Fryer.All of the things and recipes that I need to know about Air Fryer are already revealed and well-described inside. Sarah Stewart has done an incredible awesome job in compiling and creating this cookbook.Also the unique part of this book is the compilations of the 101 Air Fryer Recipes. They are so healthy, delicious, easy to prepared and well-illustrated. This book is really a great resource for me to understand more about Air Fryer.Overall, this book is useful and worth reading! I highly recommend this book to all.Therefore, I'd like to give this book a Very High and Amazing 5-Star.

I am always looking for healthy alternatives for my diet and few options look so health friendly than air frying. This book immediately caught my attention as it promised plenty of recipes and I am happy with the content. I found meals for the whole day, complete with breakfast, lunch and dinner. I recommend this book to all who are looking to maintain their eating habit healthy.

I need to get a air fryer. I love the recipes , and cant wait to try them. Some of my favorites are the cherry muffins, hash brown casserole. They even have bacon muffins. This is a great book and I can't wait to try them.

Got an air fryer for Christmas and got this book to see options on how to effectively use it. It is obvious from these recipes that it is really easy to use without all the grease. The book has given me some great ideas!

Very few of the recipes sounded appealing; all directions were missing in a few recipes. I think it's easier to Google recipes you want to try and get better instructions.

We're new to air frying so this book is full of great ideas for us to try out.

Good flashlights
