Down to earth instructions and good food that doesn’t need a lot of fancy ingredients. I question the salt and pepper amounts in some recipes though. One fourth cups salt and pepper? I would adjust these down when cooking.

I am simply delighted of this cookbook since it’s got a whole lot of healthy and delicious recipes. And what’s more, I would be able to enjoy the use of my instant pot more. It doesn’t just help me save time, but money as well.
