## Synopsis

Uniquely organized around the AONE competencies, this trusted resource gives you an easy-to-understand, in-depth look at todayÃ¢â ¬â„¢s most prevalent nursing leadership and management topics. Coverage features the most up-to-date, research-based blend of practice and theory related to topics such as: the nursing professional's role in law and ethics, staffing and scheduling, delegation, cultural considerations, care management, human resources, outcomes management, safe work environments, preventing employee injury, and time and stress management.UNIQUE! Chapters divided according to AONE competencies for nurse leaders, managers, and executives.Research Notes in each chapter summarize relevant nursing leadership and management studies and highlight practical applications of research findings.Case Studies at the end of each chapter present real-world leadership and management situations and illustrate how key concepts can be applied to actual practice.Critical Thinking Questions at the end of each chapter present clinical situations followed by critical thinking questions to help you reflect on chapter content, critically analyze the information, and apply it to the situation.  NEW! Full-color design makes content more vivid and realistic.NEW! Chapter on Communication and Care Coordination covers these integral topics.

## Customer Reviews

A lot of these are reviews are positive because the book arrived promptly and in great condition,

which mine did as well. However, this book is the worst. It repeats itself needlessly and is incredibly hard to follow. It jumps around and doesn't finish ideas. As another reviewer stated, it's like being hit with a boring hammer. I'm sorry if your course requires this book- hope your instructor can make up for the poor writing!

Good information

Very good

Good book

Required text for school. It was very easy to read, and I'm glad I ordered it, even though I could used the online book, it was interesting enough that I thought I could use it for school and work. Great book.

I haven't gotten a chance to actually read this yet. So my review right now is based on the fact this kindle edition has page numbers. Many kindle textbooks do not have page numbers.

The book was in very good condition. I noticed the first page was neatly torn out, but was still in the book. Very well pleased. Thank you!

Good for junior and/or senior nursing students. Does a nice job in delivering both leadership and management concepts. Great case studies.
