Synopsis

Soloing is an important part of your playing, but practicing on your own doesn't always get the creative juices flowing because there is nothing quite like the experience of sitting in with a full band. Since jamming with other musicians is not always possible, Sitting In: Blues Guitar brings the band to you! Practice comping patterns and soloing with the same energy you get with a real, live band. Expert guitarist Jared Meeker leads you through all the tips and techniques you need to give life to your practice sessions, inspiring you to add new sounds to your growing blues vocabulary. The DVD-ROM includes MP3 audio for every song mixed with and without solo guitar. The included TNT 2 software is a perfect practice tool since it lets you customize audio tracks for practice. Use it to slow down tracks, isolate and loop parts, and change tempos and keys.

Book Information

Series: Sitting In Series

Paperback: 80 pages

Publisher: Alfred Music; Pap/Dvdr edition (September 1, 2015)

Language: English

ISBN-10: 147062365X

ISBN-13: 978-1470623654

Customer Reviews

I have played these songs over and again using the pentatonic patterns and have had a lot of fun As a note the key of the song goes up 1/2 step for each song in order. Wish they had put the key on the track titles, but I follow along in the book. I now have 5 of these Alfred books including the Ultimate Easy Guitar series. I use the TNT2 software a lot on the Beatles 'cause they are very fast so I slow them down. I could not figure out how to get more than one book into the TNT2 software so I have done the moving manually. My target folder is C:\Program Files (x86)\TnT2\Stems. On the DVD go through the folders until you find STEMS, open the folder and then copy the sub-folder to

the above. I really like the Grateful Dead book also! (Though it looks like is out of the book)Ã Â Ultimate Easy Guitar Play-Along -- Grateful Dead: Songs from the Golden Road: 8 Classics from American Beauty and Workingman's Dead (Easy Guitar TAB) (Book & DVD) (Ultimate Easy Play-Along)

The included TNT software was blocked by my Anti-virus software as the TidyNetwork PUP (potentially unwanted program). Other than that the book and play-along tracks are fine.

Good blues book
