Customer Reviews

This book is basically an unformatted document. The answers are directly below the questions in identical unformatted text so if you would like to read a question and try to answer it yourself, you will have to slide a piece of paper down the page in an attempt to not reveal the answers. Even if they'd put the questions in boxes it would have been better.There is no introduction or additional information on the test.Worst of all, well over *half* of the book is simply a list of names of US representatives, which are subject to change anyway and really just need to be looked up online before your test. I'm not exaggerating. It's essentially a phone book that will be out of date when you receive it.The only candidate I can see finding this book valuable is someone who knows literally nothing about the United States and has no access to the internet.

Very usable in teaching. I learned some things myself. Thank you

Great little book! You can carry it with you to study the 100 questions and answers. That's all you really need.

Easy to read. Seems to have really good information

This was useful and delivered as expected.

Very simply but clear info. Exactly what you need!

Thank You!

Perfect item and well packaged. Excellent study guide for citizenship
