Customer Reviews

It came very quickly and it works well.

The overall concept I dislike. I dislike the (erotic adult picture) concept the booklet effects but like the female form. The salaciously erotic picture occurs on the cover. After, there are many attractive women pictured between its covers. Each picture demonstrates the camera’s lack of imagination.

But what can be done in this case? Both subject and models pose limitations to the concept's presentation. Granted, each picture has the potential for erotic appeal. An individual appeal is shown by each model. Yet both camera and model succeed at missing the mark more often than the mark is hit. Sexy poses look affected.

Very limited items a man would really want to see in a sexy photo images. To much clothing material. Limited full body shots. On a fixed income,was a waste of 2.99 just like that gone.

I am usually disappointed by these books.
