Customer Reviews

got free on Bookbub.com,,, grand kid had me read it a time or two,

This book is ok, it has cute illustrations and was on a deal so I got it for my Kindle for a dollar but it's not great. We have other books about opposites that have a lot more examples and more to read so my daughter is not as in to reading this one.

Loved it for my 1 year old. She really can learn from this book. Plus she enjoyed it as well.

I read this with my 3 year old daughter and she loved being able to guess the opposite words. Nice

Gave this to my neighbor who is a caretaker of young children and they enjoyed the book. Good for little ones 1to 6 years.

Sweet illustrations pair nicely with simple text to teach infants and toddlers about opposites.

My grandchildren thought the book was boring. They didn't want to finish it.

It was a great read.
