Synopsis

Activities and experiments explain the properties of light and concepts such as shadows, refraction and how the eye works. Questions within the text motivate children to talk about the experiments to find out more. All the projects use readily available materials.

Customer Reviews

The product arrived on time and was well packaged. My wife has been baking some wonderful loaves of artisan-type rye, white and whole wheat breads. They are very crusty, and we had experienced some difficulty finding a product that could handle the crust. This product worked extremely well, cutting through the crust with ease. We are very pleased with our recent purchase. very fast, receive it next day. i love it , perfect. OK.
