Synopsis

In 1775, Paul Revere of Boston made his now-famous horseback ride warning colonists of an impending attack by the British. This event went largely unnoticed in history until Longfellow celebrated it in a poem in 1861. So who was Paul Revere? In addition to being an American patriot, he was a skilled silversmith and made false teeth from hippo tusks! This biography, with black-and-white illustrations throughout, brings to life Paul Revere's thrilling ride as well as the personal side of the man and the exciting times in which he lived.

Daughter loves the book, nice addition to the "Who Was" series

Interesting history

Great Books.

An easy read for a 10-year-old full of fun facts to help him understand that era

Loved it, my child had to read the summer before 3rd grade and he thought it was a fun read. It started discussions about what freedom means,economics, slavery, and taxes.He is starting on King Tut from ths line of books. And he is excited about it.

I liked how I could copy and paste words and search the definition of the words. There is nothing to dislike about the book.

I was great I enjoyed reading it.
