Very useful.

5 stRS OUGHT TO BE ENOUGH I DON;T HAVE TIME TO SIT DOWN AND RATE EVERY DAMN THING I BUY !!

I purchased this book to help my daughter increase her vocabulary and develop a fast way to figure out the meanings of words. This book contains the most popular words used in actual SATs, a complete review of 2300 SAT terms, and 50 vocabulary practice tests. It includes prefixes, roots, and suffixes that decode more than 200000 words, and simple tricks for expert passage analysis. Surprisingly, my daughter found out that she doesn't necessarily have to know the meanings of many words: she can figure them out in the context of the rest of the sentence or passage. She may also figure out the meanings of words or how to use them in a sentence through the strategies that are in this book. She's already seeing how the techniques help her in her normal SAT preparation. She is now probably the top student with a large vocabulary in her class. In the Beestar online SAT tests (a nice web site hs.beestar.org), she is ranked high in the honor roll. IÃƒÂ¢Ã â ¬Ã â„¢m very pleased with this book.
