## Synopsis

There’s a new play opening at the Caspar Crossing Theater, and Vanessa Abbot and Detective Pete Wheeler are in attendance as guests of the director. No one in the theater is prepared, however, when the director himself crashes through the set wall and falls down dead in front of everybody with a sword sticking out of his back. Pete and Vanessa unravel a tangled web of lies and deceit to discover a dramatic cast of suspects, all with motives to murder. Can Vanessa and her cats solve the murder before the killer gets away?

## Customer Reviews

Crouched by not "Crotched", Passed Out, not "Past out"...ugh..if this had been an actual book I would have slammed it shut, and thrown it away. I believe authors should have enough respect for their work, and their readers to provide a nice read...that won’t be interrupted with stupidity. Editing! It helps! A quick read for $0.99....helped to pass some time while crocheting, but I wasn’t impressed.

Went way too quickly, the characters are underdeveloped with no real depth. A predictable outcome from the moment they go to the theatre...But, as I said...when you want to read, you don't want to have to be stopped by a "Do what? What was that word?" The flow of reading and enjoyment is so lost when that happens.

Always enjoy these books so much; the plots aren't complicated, but the characters (both cat and human) are ones you want to hang out with. I like that I know I won't be overwhelmed with uncomfortable situations or language.

The cats, Vanessa, and Pete have solved another murder mystery. This time the murder takes place at the theater. Who did it? Why did they do it? Lots of motives, lots of suspects. Can you solve the mystery?

Did find a few errors in this one and names mixed up but I still enjoy the series. I read the entire series in a few days and love Vanessa and her furry family. I am really enjoying how they cats always come in to help her out in her time of need.

Great cozy read. Easy to visualize all the characters...including the cats! The murderer wasn't too easy to spot, just wicked enough at the end.

I don't know how authors can take such a wide variety of things and turn them into good books but I'm sure glad they can. As long as my favorites keep turning out good books I'll keep reading.

Surprises, interesting characters, everything an easy read should be

Decent mystery within the mystery cat genre cozy. It was well-written but I don't feel compelled to read anymore in the series. Totally worth the .99c I paid for it.
