Customer Reviews

Kind of a "Cliff Notes" on Nicaragua. Thought it might be interesting as it was by the CIA, but if this is all the information they give their operatives down there, I worry about them. Still, for the average person, it is a good, short history of the country and its politics. The price was right.

Helpful for my school paper, but I feel like it should have been longer. 4 stars because it was helpful but short.

pretty much useless
