This book is helpful to study tips and strategies of the toefl. But there are only 3 practice tests.

Best preparation for Toefl

Take as many practice tests as you can. Learn to get the essays done quickly.

I need the password and the username to access to the practice tests

Great book!! Great conditions, completly new!!

I have recently started to learn skills and tips from this book, but my review is related to the quality of how the book was printed. The first thing I mentioned that the cover looks as if somebody used it before, but I didn't find any written notes in the book. Maybe, the book has been transported several times from one storage to another for several months, but cover is not perfect. However, the main disadvantage of the quality of print is that there are no pages from 125 to 140. I don't have 16 pages!!! It's not acceptable!P.S. Somebody wrote that the website where we can do tests is not working. Now it's working.

Pretty good:)

Book is better and has more content than I expected
