Customer Reviews

Really helpful content but organized soooooo poorly.But great supplement for you BA law class.Vendor/renter delivered it quickly and it was in good condition

Great book to review general corporate law. Includes the Revised Model Business Code, the Pre-1999 MBCA, and Delaware General Corporate Law.

First, great book. Second, it definitely helped with concepts that are more difficult or the case law is either muddy or archaically explained. However it was more in depth than the actual law studies and some of the concepts are "hidden" and you have to find what you are looking for through either a keyword search or finding the general topic and reading through.

Great book should have purchased it before

Just excellent !!

The only way I passed business associations.
