Customer Reviews

I wish this book had been around when I had gotten married. So many great tips. I bought this book for my friend, Andrea who is getting married in July. She was really excited. If you haven't read the blog [...], go check it out. This book is a great deal and a must have for all brides. Plus the tips aren't just for brides. Tips about photographing the practice sessions and what to wear when you practice plus photos. Thank you for this book!!

I love all of the photos in the book they are very helpful. Great ideas and simply explained by the author. I especially liked "Tips to make your lipstick last all day", "How to ensure the makeup stays in place" and my favorite "Best ways to save money on the wedding". I highly recommend this book, I was very pleased!

Just like on her blog, Cherelynn shares helpful, excellent tips!! Very helpful information! Great investment at a very low price!!!

How To DiY Bridal Makeup For Brides and Weddings On a Budget has been the easiest bridal look I have gotten so far and the price is right too. I used the makeup I have at home, followed the photos and then had a look that I feel beautiful in and I think with a time or two of practice I will be ready for my wedding day, in my newly acquired skill of applying false eyelashes thanks to the book.I recommend this book for those of if you have been to the department store counter and had the gal try to sell every single piece of makeup, or those of you who have had a 'makeover' and came out looking like Mimi, have ever been a bridesmaid at a wedding and the hired makeup artist

made you look like Mimi's cousin, and mainly I recommend this book for those who want to take control of their wedding day makeup and not leave things to chance, inclement weather, traffic or spend the hundreds of dollars on an artist.The book is a good fit for my budget, maybe yours too.
