Synopsis

In California Frank Morgan nearly found a home. But now he’s pulled up stakes and hit the road again, aiming to reach the high desert of Arizona. For Frank, the plan changes when he steps into a saloon in a dusty boom town called Los Angeles. That’s where he learns that his nemesis, Val Dooley, has found a new business: the selling of young women into prostitution, with the victims as young as 12 years old, and the survivors ending up drugged and beaten. Customer Reviews

Received the audio book on time and in condition described. The whole series of the "Last Gunfighter" are excellent audio books - with a cast reading the story along with special sound effects. My husband thoroughly enjoys listening to the stories as he is on the road a log and it keeps his attention while driving, preventing him from getting sleepy. I would recommend this series and all the various series of audio books GraphicAudio offers. Their motto is true!

Rescue was cruel, funny, heartbreaking and excellent. Once I start listening I usually can’t stop and end up staying up way too late. Graphic Audio does a wonderful job. I will definitely buy more.
