Customer Reviews

Features Flagstaff Mountain and Eldorado Canyon in addition to numerous other boulder gardens.

This bouldering guide is truely remarkable. The hand drawings add a unique character to the book not seen in any books of this kind to date. The information here is written from a top notch local's perspective. The classics you find in this book are well mapped and described in text. Other books attempting to copy this original guide have not nearly the overview map quality and descriptive precision seen here, A must buy for any true boulderer.
