Customer Reviews

As a guy, I wasn’t sure if I would like a book about decortating! After reading this book, Ms. Scurlock’s message hit home. I went through divorce about 4 years ago and I was in a situation of starting over from scratch. I found myself asking the Lord to guide me from everything from the location of my home, used vs. new, to my tile selection. The Good Lord brought people into my life that helped put together a home to live in and not just a place to sleep in. It was easy to tell that God

was with Ms. Scurlock as she wrote every word of this inspiring book. I think this book shows us that the Lord is there for us no matter how big or small the issues we have in our lives. Men will get as much out of this book as women-you just have to open your heart to the Lord.

I loved the simplicity and forthright faith of this book. Truthfully, it never HAD occurred to me to ask God about something so central in my life. I think maybe I thought I was hiding from Him when I decorated :-) Why not hold up something so central to women's lives and joy to the Lord for His guidance? If there is anything more important to our lives than our families and the homes we gather them in, I can't think what it would be. This book was a pleasure to read, and an inspiration to my faith walk. Went back and bought several copies to give as gifts.

Faith can be applied to many things, even how one decorates their home. "Decorating with God: An Inspiring New Way to Decorate" delves into how bringing a little bit of God into one's home can lighten up one's life. Christian Feng Shui is Jan Scurlock's goal, and through her writing, she will give many tips and tricks to make a home that much more Christian and faith inspiring. "Decorating with God" is not one to be missed for Christians planning a bit of sprucing up around the house.
