Synopsis

Here Be Dragons is the 10th anniversary revised and expanded edition of the first book in Beyond Projects: the CF Sculpture Series! The step by step format clearly explains the process of creating dragons from polymer clay. With detailed pictures and engaging instructions, making dragon focal beads, pins and sculptures has never been easier or more entertaining.In Here Be Dragons you will also learn how to add pearls, stone, glass beads and even crystals to your dragons. This technique adds a whole new level to polymer clay.This book will charm you with humorous dialogue, creative suggestions, interesting asides, lavish pictures, and even a few dragon Ã¢â ¬Ëœpersonality profiles'. It's more than just a project book, it's fun!

Customer Reviews

This is a revised edition of her 2005 book Dragons. Anyone who has attended her classes or watched her videos will recognize her voice in the narrative. There are several additions to the instructions and more in the way of inspirational ideas. The first book was a typical Christi's books at the time of it's release, The new additions are more like an "Oh, by the way" than a revision.

This book was in great condtion and it showed very detailed and easy to follow instrcutions with bright, beautiful colorful pictures.

Plan on backing some of these critters next week. Love the ideas and very well detailed in design.

Really cute designs and easy to follow instructions

Awesome book of projects! It makes creating dragons fun and easy.

great

Love it

I found the instructions useful and the book is full of cute examples with advice on how to achieve the same effect. I would recommend it.
