Children and parents alike will delight in this joyous declaration of toddler independence. This book celebrates the feats of growing out of babyhood and starting to embrace the world on your own terms. Whether itÃ¢â ¬â„¢s being tall enough to reach a high shelf or brave enough to splash in the waves, Krensky and Gillingham address the small victories that come with growing just a little bit older. Love this series! After this book we also got "I can do it myself"! My 6.5 month old daughter loves the images and illustrations! Simple & crisp looking. Happy baby means happy parents!

I got these for my little niece! She loves them. If you have a little one I highly recommend them. They have beautiful illustrations. The sentences are simple so they are perfect to grow with your child as they learn to read. And they are empowering.

The illustrations for this book and the partner book, "I can Do It Myself" have a retro graphic look that is very appealing. I like the simplicity of it and the message of empowerment for kids is subtle yet effective. My son really enjoys both books

Love this book, and its companion book "I Can Do it Myself." The illustrations are cool and the story is really empowering. The book is also really well made. It has taken a beating at the hands of my two-year-old and its still holding up really well.

Beautiful illustrations and a positive, affirming message. I love the Empowerment Series! They are great gifts for toddlers.
