Daughter has been taking lessons for 2 months and she's playing really well so far. She loves the songs!

Great books for beginners. I used these as a 6 year old learning to play piano, and am now using them to instruct my nephews who are 5 years old. Highly recommend.

My 9 yr old son just started taking piano lessons. His instructor asked that we buy Alfred's Basic Piano Library Theory. After two lessons with use of this book, my son is really off to a good start.
